Old Business:

Roads/Signs :

Concern raised about speed limit being ignored on North Lake Michigan by Mike Nelson was reviewed. Suggestions from the County were to trim tree branches by the sign on south end and move the sign near the culvert on the north end to other side of the culvert to make more visible. Those two recommendations will be put into place before additional speed limit signs are erected.

A Hold Harmless Agreement was signed by Michael Krainak and Janet Farber to use Chippewa Drive Right of Way to have rip-rap brought to their property to protect from further erosion. Agreement states right of way will be restored to original condition.

The Dead-End sign on west Silverdale Road (adjacent to Daniel Maggle property) will be moved.

Tree branches over Taube Road have been removed.

Jim Martin from 3190 Lake Forest Park Road expressed concern about further erosion to his property and the possibility of a tree falling on his property due to erosion. He put in rip-rap on his property several years ago but said water has been washing in at the corner of his property and Kickapoo, a town right of way. Suggestions by the Board were to put a wing corner at the right of way or if he and his neighbor wanted to share the cost of filling in Kickapoo right of way with rip-rap at no cost to the town. The County's estimate from 2019 was \$18,000 for 100 ft of rip-rap.

Sturgeon Blvd – Continued discussion:

Tony Hayes contacted an attorney about vacating proposed roadways in Cromels Grove plat with the exception of Sturgeon Blvd up to Dretzer. Rich Propsom gave the town a copy of a letter he addressed to Dennis and Rose Hayes and Tony Hayes. No action from the town is expected at this time.
