Procedures for Scheduling Inspections

In order to provide the most expediate services, we will continue to ask that inspection requests be made by 4 pm the day before you are needing the inspection. Same day requests will be based on scheduled work-loads.

Please call or text all inspection requests to: (920) 495-1863

You will need to give the municipality, jobsite address, type of inspection requested, date and time inspection needed and a return phone number.

I will take your inspection request directly, unless I am on another call, otherwise leave a message or text with the requested information and I will return your call or text for confirmation.

Feel free to call me with any questions at (920) 495-1863,
email: brett@doorcountyinspections.com
